Re: Support for Project Sunburst

Dear Governor Scott:

We at the First Amendment Foundation would like to express our appreciation for your efforts in creating Project Sunburst, providing easy on line access to your emails and those of your top staff at no cost to the public. We look forward to the project's expansion both within the Executive Office of the Governor and to other executive agencies, as well as the inclusion of other types of communications such as text messages and posts to social media outlets such as Twitter and Facebook.

This "unprecedented step" will undoubtedly serve as a model of transparency for other government officials in Florida and around the nation, Governor, and we commend you for your efforts on behalf of Floridians and their constitutional right of access to oversee their government.

Sincerely,

Barbara A. Petersen, President
