Re: SB 914, Exemption/Property Tax Exemptions – Disabled Persons

Dear Senator Detert:

We are writing to express our concerns regarding SB 914, creating a public record exemption for medical and all personal identifying information of applicants for and recipients of property tax exemptions for totally and permanently disabled persons.

We do not object to the exemption for medical information, Senator Detert, but in talking to staff, it's been explained to us that the exemption for personal identifying information is intended to include the name of the applicant or recipient allowing for anonymous property owners. Clearly, simply knowing a property owner's name does not reveal any sensitive medical information associated with the owner, and if all medical information in a property record or in an application for a disability exemption is redacted, then there's no justification for exempting identifying information.

We suggest, then, that SB 914 be amended to delete the exemption for personal identifying information while maintaining the exemption for medical information.

We appreciate your attention to our concerns, Senator. Should you have any questions or require additional information, please don't hesitate to contact us.

Sincerely,

Barbara A. Petersen, President
