

2019 LEGISLATIVE REVIEW: PRE-SESSION REPORT

The following is a list of the bills we will be tracking throughout the 2019 Legislative Session. As usual, we have selected those bills with open government and first amendment implications we think will be of interest to our members. After the summary of each open government bill, you will find an easily recognizable indication of whether the bill is good or bad. Under this reporting system, bills we **support** will be in **green**, those we **oppose** in **red**. If we're **not sure** of a bill, it will be marked in **yellow**. If a bill isn't marked, it means FAF is neutral. During session, we will report any activity on these bills, as well as any new legislation that may be filed, on a weekly basis. Bills are grouped by subject matter, listed in numerical order. We suggest you keep this pre-session report, as the weekly reports may not contain a complete description of all the bills. Our legislative reports are accessible on our website, www.floridafaf.org.

Open Government Sunset Review (OGSR): Under the Open Government Sunset Review Act of 1995, all exemptions to the Sunshine Law and Public Records Law must be reviewed and reenacted by the Legislature five years after the date of enactment, or the exemption will automatically “sunset”. The 2019 Legislature will be reviewing all exemptions created in 2014. Those bills will be included in our legislative reports and are designated “OGSR”.

Bills to Watch: This feature will appear in all reports throughout session. After the analyses of those bills we think deserve extra attention, we will include a brief statement about the impact of the proposed legislation, good or bad.

Bills to Watch: SB 186 and HB 7017 were filed in direct response to the Parkland school shootings. You’ll note that the proposed exemption, while very broad, allows access to the protected records by court order upon a showing of good cause. The problem is the cost of getting a court order -- a media consortium paid \$100,000 in legal fees to get access to video taken outside Marjorie Stoneman Douglas High School. Our letters cite examples of what was learned from those videos and the importance of allowing public oversight of law enforcement’s response. FAF is working with Senator Lee on a possible amendment to narrow the proposed exemption.

HB 577 Exemption/Photographs and Videos Depicting a Victim of a School Shooting or Mass Violence:

Creates a public record exemption for photographs, videos or audio recordings that depict a victim of a school shooting and the killing of a victim of mass violence. Defines “killing of a victim of a school shooting” as all acts or events that cause or otherwise related to the death of a person, not including the perpetrator, who is killed in an incident at a school by an intentional act of gun violence . . . including any related acts or events immediately preceding or subsequent to the acts or events that were the proximate cause of death.” The phrase “killing of a victim of mass violence” is defined as “all acts or events that cause or otherwise related to the death of a person, not including the perpetrator, who is killed in an incident in which three or more people, not including the perpetrator, are killed by an intentional act of violence by another person.” Allows access by court order upon a showing of good cause. Amends s. 406.136, F.S. *Rep. Kamia Brown (D-Orlando)*

- WITHDRAWN FROM CONSIDERATION

HB 747 Criminal History Records – Minors: Requires the Criminal Justice Information Program to administratively seal criminal history records relating to an arrest of a minor charged with a felony or misdemeanor upon notification by a clerk of court that all charges were dropped or dismissed before trial or resulted in an acquittal or a verdict of not guilty. SB 1130 Exemption/Criminal Investigative Information: Under current law, active criminal investigative information is exempt from disclosure so long as the investigation is ongoing. SB 1130 expands the exemption for active criminal investigative information to include records relative to the reinvestigation of a claim of innocence which resulted in the conviction of the person accused. Reinvestigation information is subject to disclosure until such time as the claim of innocence is no longer capable of further investigation or the relief sought is granted. Amends s. 119.011(3)(d), F.S. *Sen. Aaron Bean (R-Jacksonville)*

SB 1146 Exemption/Photographs and Videos Depicting the Killing of a Person: Reenacts the public record exemption amended and narrowed during the 2016 legislative session for photographs, videos, or audio recordings depicting or recording the “killing of a person,” defined as “all acts or events that cause or otherwise relate to the death of any human being, including any related acts or events immediately preceding or subsequent to the acts or events that were the proximate cause of death.” The exemption specifically does *not* include the killing of those in the care and custody of a state agency. Reenacts s. 406.136, F.S. *Sen. Aaron Bean (R-Jacksonville)*

[Bills to Watch: The exemption for photographs and videos depicting the killing of a person was subject to sunset review during the 2016 Session. Sen. Rob Bradley was able to narrow the exemption so that it protected only those photographs and videos depicting the killing of a law enforcement officer while on active duty, which was the original stated purpose of the legislation. SB 1146 reverses Bradley’s good amendment,](#)

[reverting back to the overbroad exemption. This is bad public policy and we've requested Senator Bean withdraw his bill from consideration.](#)

SB 1426 Victim Rights: Specifies the rights to which every crime victim is entitled under Marsy's Law, Article I, s. 16, Fla. Con. Creates ss. 960.001 - .0018, F.S. *Sen. Lauren Book (D-Plantation)*

[Bills to Watch:](#) [An amendment to the state constitution, Marsy's Law, was approved by the voters in the November 2018 general election. The provision enumerates various rights for crime victims and their families. SB 1426 clarifies and implements the constitutional provision. Of particular interest to us is Art. I, s. 16\(b\)\(5\), which grants victims the right to prevent disclosure of information that could be used to locate or harass a victim or the victim's family. This provision has created a lot of confusion throughout the law enforcement community and interpretations and implementation vary wildly. SB 1426 doesn't include any language regarding this particular right. If you would like more information on the problems encountered with the implementation of Marsy's Law, please contact us.](#)

PUBLIC RECORDS

HB 407 Public Records – Civil Actions: Prohibits an agency receiving a public record request from responding to the request by filing a civil action against the requestor. Amends s. 119.07(1), F.S. Companion to SB 602. *Rep. Ray Wesley Rodrigues (R-Fort Myers)*

→**SB 602 Public Records – Civil Actions:** Companion to HB 407. *Sen. Keith Perry (R-Gainesville)*

[Bills to Watch:](#) Last year, the South Florida Water Management District filed a request for declaratory judgment in response to public record requests from a small non-profit, the Everglades Law Center, and a citizen activist, Maggy Hurchalla. These types of lawsuits force public record requestors into court to defend their right of access to public records – a right, it should be noted, guaranteed by the Florida Constitution. HB 407 and SB 602 aim to end that predatory practice. Please express your support to sponsors Rep. Rodrigues and Sen. Perry.

HB 479 Public Records – Time Estimates: Current law requires that an agency acknowledge a request to inspect or copy public records promptly and in good faith. HB 479 stipulates that a good faith response includes an estimate of the time necessary to complete the request. If the request is not completed within the estimated time, the agency must notify the request of the reasons for the delay and provide a new estimate. Amends s. 119.07(1)(c), F.S. *Rep. Cindy Polo (D-District 103)*

[Bills to Watch:](#) Too frequently, a public record request is acknowledged promptly and then the requestor waits and waits – sometimes for months – before the custodial agency provides access to the requested records. Rep. Polo deserves our support on this very good bill.

HB 759 Public Records – Agency Contracts: In pertinent part, stipulates that (1) contracts or agreements to which an agency or entity subject to Ch. 119 is a party; and (2) financial information related to such contracts or agreements, including the amount of money paid, payment structures or plans, expenditures, incentives, fees, or penalties, are public records subject to disclosure. Repeals s. 815.045, F.S. Creates s. 119.07135, F.S. Companion to SB 1416. *Rep. Ralph Massullo, Jr. (R-Beverly Hills)*

→**SB 1416 Public Records – Agency Contracts:** Companion to HB 759. *Sen. Joe Gruters (R-Sarasota)*

[Bills to Watch:](#) Remember when we had SO much trouble getting access to PitBull's contract with Visit Florida? We simply wanted to know how much Visit Florida was paying PitBull. It took the intervention of House Speaker Corcoran to get the contract. These bills were introduced last year; the House version passed but got caught up in session politics. Hopefully, that won't happen this session – these are our tax dollars and we have a right to know how our money is being spent.
